

PE Action Plan 2018-19

At Wharncliffe Side School we believe PE & Sport plays an important role in making our vision statement a reality for every pupil, with the potential to change young people's lives for the better.

We have welcomed the Government's announcement to provide additional funding to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

Our aim is to encourage children of all abilities to have a more active lifestyle – in line with the government's recommendations of 60 'active' minutes a day. Every child should have the opportunity to represent school at a sporting event, every child should be given the chance try a new sport, every child should be given the chance to excel and form a lifelong love of being active!
